3. **CHIEF RANGE OFFICER / HOOFBAANOFFISIER**

Brig Genl McG Alexander

Extract from SABU rule 2B.1:

The Chief Range Officer will be totally in command of the range, with full responsibility for its safety and management, for the full duration of the meeting. The CRO is accountable to the controlling authorities (SABU and/or the Range Owners – SANDF in the case of a military range) for all aspects of safety and security. The CRO will work closely with the Executive and Range Committees, but he has authority to summarily prohibit the use of any rifle, ammunition, equipment, or shooting procedure, which in his opinion is unsafe, or being used in an unsafe combination or manner. On all technical rule issues and protests on the firing point relating to the technical rules, the CRO will defer to the Match Referee (if one has been appointed under Rule 1.11), or the Range Committee, but he remains responsible for implementing decisions made.

4. **REFEREE / RANGE COMMITTEE**

Refer SABU rules 1.11, 1.12 and 2B.1 (and ICFRA rules T1.5.2 and T1.5.3).

5. **SPEED LIMIT / SPOEDGRENS**

The speed limit on the range is 20km/h. / Die spoedgrens op die baan is 20km/h.

It will also be available (by prior arrangement with the Chief Range Officer) at lunch times and in the afternoons after the morning's or day's shooting respectively has been completed. The zero range may be used for fouling barrels at the times specified above. The zero range may only be used when a Range Officer is present and when firing a rifle it must be fired from the prone position at a target. The Range Officer may limit the number of shots fired.

Please note the zero range will be closed during the Opening Ceremony.

Die Zerobaan (Alphabaan) sal elke dag vansf 07h00 tot 08h30 oop wees. Dit sal ook beskikbaar wees (indien vooraf gereel met die Hoof baanoffisier) etenstye en smiddae na die afhandeling van die oggend of dag se program. Die Alphabaan mag gebruik word vir oefenskote ten tye soos hierbo aangedui. Daar moet teen alle tye 'n Baanoffisier teenwoordig wees wanneer skote afgevuur word en skote mag net in die leende posisie na 'n skuif gevuur word. Die Baanoffisier mag 'n beperking op die aantal skote wat gevuur mag word plaas.

Let asseblief op dat die Alphabaan tydens die Openingseremonie gesluit sal wees.

8. **SQUADDING / INDELING**

The squadding for the championships will be in accordance with the "bisley" (3 on a target) method.  
/ Kampioenskap se indeling in volgens die "bisley" (3 op 'n skyf) metode.

**Closing date: 17h00 Monday 19<sup>th</sup> March 2018.**

Die Parewedstryd word op die tellings behaal in die Groototaal deur twee skuts van dieselfde klas, maar van verskillende klubs, gebaseer. Elke deelnemer mag net by EEN inskrywing betrokke wees. Daar is geen inskrywingsfooi nie.

**Sluitingsdatum: 17h00 Maandag 19de Maart 2018.**

11. **PRIZE LISTS / PRYSLYSTE**

For each competition, a provisional Prize list will be published by the Statistics Office and displayed on the Notice Board. This will state the time (normally 6 hours after posting) at which the list will become final. Prize winners shall be responsible for calling attention to any omissions or errors in a Provisional Prize List. If a competitor fails to do so, within the time prescribed, he forfeits all claims to a prize, or a higher prize as the case may be, even if the omission or error is solely the fault of the Union. If there are special circumstances that prevented a competitor from checking the provisional list, an appeal may be made to the Executive Committee.

Protest forms are available at the SABU Range Office.

12. **DRUG TESTING**

Drug testing in South Africa is undertaken in terms of the South African Institute for Drug Free Sport Act 1997 (Act No 14 of 1997).

Random drug testing may be undertaken during the 2015 SA Open Bisley Championships. Members who have no alternative to the (prescribed) use of banned substances because of a chronic medical condition, are reminded of the provisions of the SABU Rules, Appendix C.

In such a case, it is the sole responsibility of the member to obtain the relevant Therapeutic Use Exemption (TUE) form from the South African Institute for Drug-Free Sport (SAIDS); to have the necessary information filled in by his medical practitioner, together with his own details, and to submit the form back to SAIDS. This should preferably be done prior to the commencement of the shooting season but at the latest for the TUE to be authorised prior to the commencement of the SA Open Bisley Championships.

## RANGE ETIQUETTE / BAANETIKET

*A few ideas for beginners, that should be read by all.*

*'n Paar idees vir beginners, wat deur almal gelees behoort te word.*

Give the range officer and other officials a friendly greeting, when you arrive. They are there for your enjoyment, not their own.

Don't argue with officials.

The staff are doing their best. Not all problems can be solved. Please keep the discussion constructive.

Only aim at the butts or load your rifle when the Range Officer says it is OK. Point your loaded firearm at the target. Nowhere else.

Don't try to obtain an unfair advantage over other competitors by using illegal rifles, ammunition, equipment or tactics.

Don't wait for your scorer to query a spotting disc. If a bull or other value is marked in error, YOU must rectify the mistake officially via the range officer.

Watch your shooting partner's target for his/her first few shots at the long ranges. If he/she misses, you can perhaps help him/her – and it's within the rules these days. (SABU Rule 23.20)

Thank your coach for trying to get your wide group into the bull, rather than blaming him/her for your poor score.

Assist the office staff by handing in your score cards as soon as a match is over.

Obey the rules, sensibly not slavishly. Your personal view that a rule is not sensible is NOT VALID.

The answer to your question is probably written down somewhere. Have you looked?

Your handloads, and the consequences, are your responsibility.

Your bad shooting is not the butt marker's fault.

If you are keeping the score, speak clearly. Some of us have been shooting for years and are A BIT DEAF.

SABU Rule 23.23 "No person is allowed to make any loud noise or disturbance likely to affect a competitor" covers many aspects, including the following:

The smoking of pipes, cigarettes and even e-cigarettes, or cell (mobile) phone conversations on or near the firing point also disturbs some shooters and must be avoided. In any case, your cell phone should not be switched on within 20 meters of the firing point.

Groet die baanoffisier en ander beamptes vriendelik met jou aankoms. Hulle is daar vir jou plesier en nie hul eie nie.

Moenie in argumente met die beamptes betrokke raak nie.

Die staf doen hul bes. Nie alle probleme kan opgelos word nie. Hou asb die gesprek opbouend.

Korrel na die skywe en laai jou geweer slegs wanneer die baanoffisier sê dit mag gedoen word. Mik met die gelaaiede geweer na die skyf – nêrens anders nie.

Moenie probeer om 'n onbillike voorsprong op ander deelnemers te verkry deur onwettige gewere, ammunisie, ander toerusting of taktieke te gebruik nie.

Moenie vir u tellinghouer wag om die koeëlgatplakkie te betwyfel nie. Indien 'n kol of ander waarde verkeerdlik gemerk is, moet JY self die fout amptelik deur die baanoffisier laat regstel.

Hou op die langafstande jou skietmaat se skyf dop vir die eerste paar skote. Indien hy/sy 'n skoon skyf het, kan jy hom/haar help – en dis deesdae binne die reëls. (SABU Reël 23.20)

Bedank jou afrigter vir sy/haar poging om jou wye groep in die kol te kry, eerder as hom/haar te blameer vir jou swak telling.

Help die kantoorspersoneel deur jou telkaarte onmiddellik na afloop van die wedstryd in te handig.

Kom die reëls sinvol, nie noodwendig slaafs nie, na. Jou persoonlike mening dat 'n reel nie sinvol is nie is egter ONGELDIG.

Die antwoord op jou vraag is waarskynlik êrens op skrif. Het jy gekyk?

Jou handgelaaiede ammunisie en die gevolge daarvan is jou verantwoordelikheid.

Jou swak skiet is nie die skyftrekker se verantwoordelikheid nie.

As jy telling hou vir iemand, praat duidelik. Sommige van ons skiet al baie lank en is BIETJIE DOOF.

SABU Reël 23.23 dat geen persoon toegelaat word om harde geraas of ander steuring te veroorsaak wat ander deelnemers kan affekteer nie dek etlike aspekte, insluitende die volgende:

Die rook van pype, sigarette en selfs e-sigarette, of selfoongesprekke op of naby die skietpunt, steur sommige skuts en moet vermy word. Jou selfoon mag in elk geval nie aangeskakel wees binne 20 meter van die skietpunt af nie.

Consider others by avoiding shadows on the firing point in the morning or late afternoon.

Don't hold a post mortem about your score on the firing point – your partner really isn't interested and you could damage his hearing if he/she has to remove ear protectors to hear your story. You are also holding up the next detail.

The 'culture' of SA shooters is to be more 'sociable' on the firing point – e.g. complimenting a centre V bull, commiserating with a wind shot lost etc. Whilst we should not abolish this enjoyment of the sport, some of us must learn to "curb our enthusiasm" in this respect.

Providing 'coaching' in individual matches under the guise of such 'social' remarks is totally against the rules.

BUT do not blame your lack of concentration on excessive claims of "disturbances".

At the end: Don't leave the range before the championships are over. Stay for the prizegiving, even if you haven't won a prize.

Neem ander in ag deur oggend- en laat namiddag skaduwees op die skietpunt te vermy.

Moenie 'n 'lykskouing' van jou telling op die skietpunt hou nie. Jou maat stel nie regtig belang nie en jy kan skade aan sy/haar ore veroorsaak indien oorbeskermers afgehaal moet word om na jou storie te luister. Jy hou ook die volgende aflossing op.

Die 'kultuur' van SA skuts is om meer 'sosiaal' op die skietpunt te wees – bv 'n goeie V kol te prys, die skut te troos wanneer deur die wind gevang ens. Terwyl ons nie hierdie stukkie geniet van die sport moet probeer uitwis nie, moet sommige van ons meer matigheid voor oë hou.

Om in individuele wedstryde ander skuts 'af te rig' onder die dekmantel van bg 'sosiale' opmerkings is totaal teen die reëls.

MAAR moenie jou gebrek aan konsentrasie blameer op oordrewe klagtes oor steurings nie.

Teen die einde: Moenie die baan verlaat voor die kampioenskap verby is nie. Bly vir die prysuitdeling, al het jy nie 'n prys gewen nie.

## SOME TECHNICAL RULES FOR COMPETITORS TO BEAR IN MIND

### A. CODE MESSAGES:

#### 18 CODE MESSAGES

Other than the CRO's communication with the Chief Butt Officer, the only means of contact between the butts and the firing point is that formally used between Range and Butt Officers. No person in the butts is to use any other means of communication that could be contacted by any person in sight of the firing point. In particular, **mobile/cell phones must be switched off by all personnel in the butts and those within 20 metres of the firing point.**

18.1 The following Code Messages will be used for communication between Range Officers and the Butts by radio. The target number will be given, followed by the message number.

**Message 1** : Firing about to commence.

**Message 2** : No spotting disc visible.

**Message 3** : Spotting disc disagrees unmistakably with signalled value. Check that spotting disc shows LAST hit and signal its correct value (see Rule 19.9).

**Message 4** : A shot has been fired but no signal has been made. Examine the target *and spotting disc* carefully and signal the hit, if found. If there is no hit, signal a miss.

**Message 5** : The firer or his Register Keeper has challenged the value of the current shot. Recheck the shot hole (using a gauge if necessary) and signal correct value.

**Message 6** : It is suspected that there is a second shot on the target. If another shot is found, clear and patch out the existing shot hole, and mark and signal the further shot found. If no additional shot is found, re-signal the position and value of the original shot marked.

**Message 7** : A miss has been signalled but firer has challenged for a hit. Re-examine the target carefully and signal the hit if found. If not, re-signal the miss.

**Message 8** : Shot appears to be in the same position as the previous one. It is suspected that the wrong shot hole has been patched out. Please check and either rectify error or confirm that the two shots were very close to one another.

**NB.** If the marker has changed the **value** indicator for the second shot, this fact must be communicated to the Butt Officer, as it is then almost certain that the wrong hole has been patched.

**Message 9** : Marking appears to be unduly slow. Butt Officer to investigate and, if justified, have marker speed up.

**Message 10** : Shooting finished on this target.

**Message 11** : Stand easy. Lower target, patch out and put target back up.

For Messages 3, 4, 5, 6, 7, 8, and 9 the results must also be confirmed by radio.

Please note:

- 1 **The restriction on use of mobiles/cellphones in the butts or within 20 metres of the firing point.**
- 2 The distinction between messages 3, 5 & 7 – the latter two being subject to a possible challenge fee.
- 3 Whilst the use of message numbers only is encouraged, SABU as a concession to competitors and range/butt officers accepts the use of verbal messages as an alternative, **provided that the words used must be basically the same as stated above next to the message numbers. Lengthy and confusing 'stories' must be avoided!**

**B. REGISTER KEEPING:**

If the competitor decides to convert one or both sighting shots, the value/s must be struck through with a diagonal line and transferred to the blocks (boxes) for the first, or first and second, counting shot(s), as the case may be. **Any scoring spaces left blank, crossed through or written "C" will count zero. Only the shot values in the scoring blocks will be counted.**

Examples are:

<del>V</del>	<del>V</del>	V	V	5	5	4	V	V	5	4	5	48.4
4	<del>V</del>	V	5	V	5	4	V	V	5	4	5	48.4
V	4	V	V	5	5	4	V	V	5	4	5	48.4

In the top example, both sighters have been converted.

In the middle example, only the second sighter has been converted.

In the bottom example, neither sighter has been converted.

**Please note:**

Sighters that are not converted must **not**, repeat **not**, be crossed out – only those that have been converted.

**C. SIGHTING SHOTS:**

As a generalisation, all initial sighting shots, including the sighters in a tie shoot, are **convertible**, whilst additional sighters, permitted under certain circumstances, are **optional** and **non-convertible**.

Attention is however drawn to the SABU rules where all information regarding sighters can be ascertained.

**D. SAFETY PRECAUTIONS:**

**Competitors are warned that the safety rules regarding bolt removal or insertion of an Empty Chamber Indicator (Breach Flag) will be strictly applied.**

**Refer rules 21.1, 34.2, 35.4 & Appendix F12.**

**E. TIME LIMIT:**

Range Officers have been instructed to be strict in "policing" the time limit per shot of 45 seconds when there are three shooters on a target and 60 seconds with two shooters. This will also apply in tie shoots.

**F. DIFFERENCES BETWEEN SABU AND ICFRA RULES:**

There is one significant difference. Under SABU Rules a ricochet counts as a hit. If it makes an elongated hole, the end closest to the centre of the target will be taken as the point of strike (Rule 17.7)

NB: **All tie-shoots** will consist of two convertible sighters and five shots to count. This is now consistent with the ICFRA rule.

**G. PROTESTS AND APPEALS**

Competitors' attention is drawn to **the type of protests that must be handled on the range**, as opposed to those that can be handled afterwards. The former cannot be resolved by lodging a protest at the SABU office afterwards. *Extracts* from the relevant rules (our emphasis again added in **bold**) are as follows:

26.2 Any claim or complaint by a competitor or team **arising on the firing point** must be made at

- once** by way of protest to the **Range Officer**. (See the rule book for the full wording of rule 26.2.)
- 26.3 The CRO has **absolute discretion** to deal with matters involving **safety or security** in accordance with Rule 2B.1.
- 26.4 The ruling by the **CRO** as to **outcomes on the range** will be **final**. In the event that a ruling cannot be given on the spot, or immediately on the completion of the competitor's (or team's) shoot, the circumstances must be put in writing by the competitor or team captain concerned and handed to the CRO or the secretarial office **within 30 minutes of the end of the match**, for subsequent ruling by the Executive Committee.
- 26.5 Protests **not directly related to occurrences on the firing point**, must be made, **in writing**, to the Executive Officer for resolution by the Executive Committee.
- 26.6 An appeal against disallowance of score or any other penalty (or lack thereof) imposed by the CRO must be made in writing to the Executive Officer, **within 2 hours of the end of the match**, accompanied by any relevant appeal fee as set by the Executive Committee. This fee will be returned if the appeal is upheld. The Executive Committee will deal with the appeal as promptly as possible, consistent always with the principles of fair hearing under "due process."
- 26.7 Should an appellant not be satisfied with a ruling of the Executive Committee, he has the right to request a review by the SABU Dispute Resolution Committee. (See Appendix K)
